Telex 732561

March 19, 1984

Mr. Ray Duarte, R.N., C.H.N.
11105 Rose Avenue, #207
Los Angeles, Ca. 90034

Dear Ray:

This letter confirms the arrangement Crosby Kelly and I reached with you Tuesday, March 13 and Friday, March 16, 1984.

You will be retained by Ultra Medical Systems, Inc., as a consultant, to design an evaluation test of the Ultra I Hemodialysis machine.

The machines are to be loaned to two dialysis centers in Colver City, California, to be used under actual patient dialysis conditions. Your test is not to interfere with that primary intent. Your willingness to obtain an additional patient use site in Santa Barbara, California is very much appreciated.

Your fee will be \$300 per day. You will also be reimbursed for travel connected with the test, and for costs to travel to Dallas to meet with us and discuss the test parameters. At that time, we will agree upon the length of the test, its data points, and the report format.

The report will be the property of Ultra Medical Systems, Inc.

In addition, if you attend the ASIAO trade show in Washington, D. C., Ultra Medical Systems, Inc. will be pleased to make one of our guest rooms at the Sheraton Hotel available to you. When you are here in Dallas, we will discuss this aspect of your relationship with us in more detail.
