TO WHOM IT MAY CONCERN:

This letter is written at the request of Ray Duarte, R.N. I have known Ray for 15 years as a friend and colleague. His professional experience and performance is at the highest level.

He is very active in the nephrology community. He performs patient care, research, teaching and volunteer activities. He is able to use all type of hemodialysis equipment including the REDY, RSP, Extracoporeal and Drake-Willock machines.

I would recommend him without hesitation. Please call me for further information if needed.

Sincerely yours,

Karol Stein
