January 18, 1909

Mr. Ray Duarte
6849 Oak Park Ave.
Van Nuys, CA 91409

Dear Mr. Duarte,

I would like to take this opportunity to thank you, in my capacity as the attorney for the Armenian Relief Society, for your unselfish contributions to the earthquake relief effort for Armenia.

Your expert advice and practical participation in the organization of a medical/technical team to assist patients suffering from post traumatic syndrome (kidney paralysis, as a result of the earthquake) was remarkable. Without your wide experience in the field, we would have been unable to put together self-sufficient dialysis teams, including personnel, equipment, supplies, power source, etc.

The Armenian Relief Society, a charitable organization founded in 1910, thanks you on behalf of the victims of the earthquake. By placing your unique experience under our disposition was an important component in our success in launching an effective relief effort.

Thank you again.

Sincerely,

Vahé Yacoubian
