TO WHOM IT MAY CONCERN:

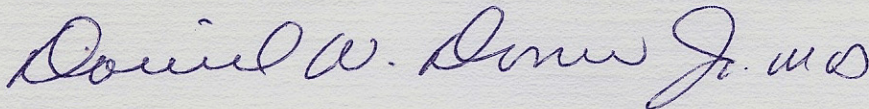

RE: DUARTE, Raymond

Mr. Raymond Duarte has been actively involved in the care of my acute dialysis patients for the past several years. As you can see from his curriculum vitae, he is a licensed R.N. and certified by the Board of Nephrology Examiners. He has been actively involved in many organizations concerning dialysis and has published several articles related to the use of dialysis and ultrafiltration techniques.

He is an outstanding nurse, exceptionally caring, talented and very bright. It has always been a pleasure to work with him. He is competent and professional, and I have no hesitation in recommending him as an outstanding nurse in the field of dialysis and inpatient care.

If any further information is required, please do not hesitate to call or write.

Very sincerely yours,

David W. Doner, Jr., M.D.
Associate Clinical Professor of Medicine
University of Southern California, School of Medicine
